

Bluestone

REDEFINE TRADITIONS

 **LANDMARK**
CERAMICS

"Natural" is a gathering of porcelain tile collections that are inspired by different natural stones. Amazing surfaces for floors and walls that recall the shades of the natural material enhancing architecture and design with character and intense elegance. The excellent technical characteristics of Landmark porcelain tile guarantees optimal performance in every intended use both residential and commercial.

A new landmark in the ceramic industry

Landmark Ceramics is an American company, based in Tennessee that has set out to research, manufacture and sell top quality porcelain ceramics in North America. Technological innovation, market presence, attention to detail, the welfare of people and the environment, efficient service and a thorough product range make Landmark a new benchmark in the North American market for those who are looking for a reliable partner for any building and architecture project using US made top quality porcelain material.

Bluestone

REDEFINE TRADITIONS

With Bluestone, Landmark redefines the design traditions of interior and exterior spaces. The collection is available in a rich array of colors, finishes, sizes and thicknesses, celebrating the distinct look of Pennsylvania stone. Bluestone perfectly combines 9 mm Porcelain Tiles for interior applications with decorative Porcelain Veneers for wall design and the strength of Frontier 20 Porcelain Pavers, creating an unparalleled Bluestone look world for contemporary architectural projects.

02.

03.

04.

05.

Redefine traditions.

The collection is inspired by the finest Bluestone, widely used for prestigious projects all over North America. This ancient sandstone traditionally quarried from Pennsylvania, exhibits a timeless combination of everlasting elegance and American design heritage. The result is a range of porcelain surfaces that surpasses nature's beauty in aesthetics and technical performances, meeting the demands of total look projects in commercial and residential spaces, both indoor and outdoor.

High-tier finish.

Bluestone features three distinctive finishes and textures suitable for indoor and outdoor environments, from the traditional split-stone Cleft finish to the more refined Thermal and the rugged, yet elegant, Tumbled surface. The seamless transition between 9mm and 20mm surfaces elevates any setting, integrating elegance, functionality, and versatility.

Natural
(Cleft)

Emphasizing the stone's distinctive layered structure, the traditional natural split-stone finish brings out a timeless charm.

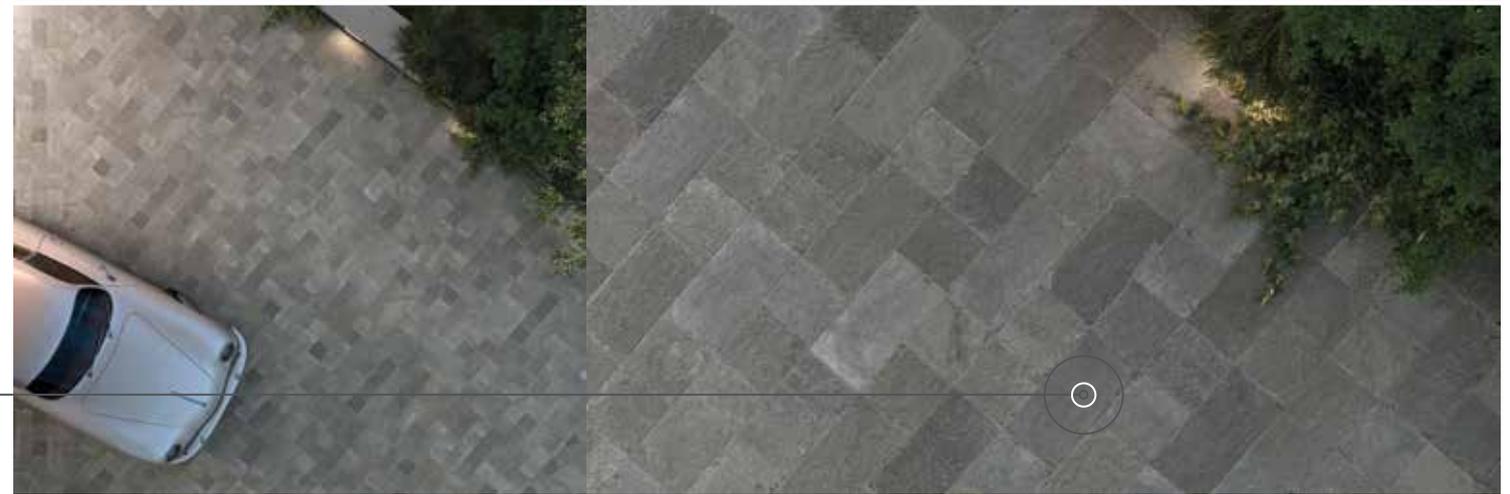

Thermal

Achieved through a meticulous process of high-grade flaming and brushing, the soft textured surface of neutral gray hues offers a welcoming touch.

Tumbled

With a peculiar and prestigious finish, the surface takes on a distinctive antiqued appearance, cherished for its rugged yet elegant nature.

Colors and design.

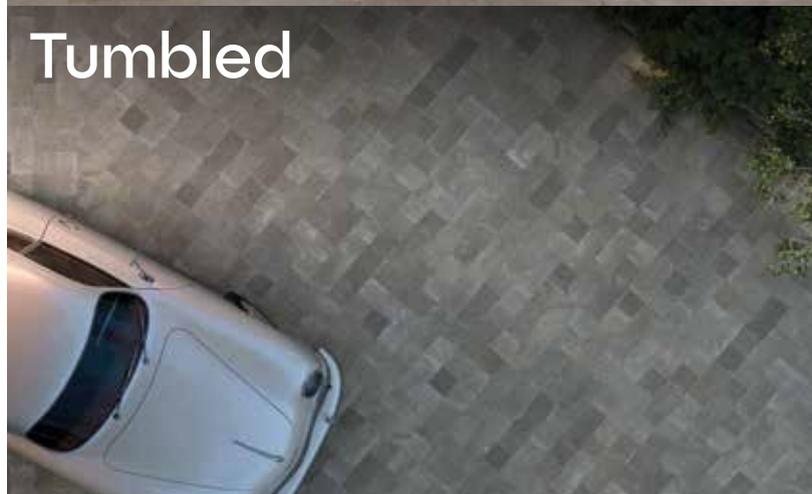

Experience the essence of native Pennsylvania Bluestone through 5 captivating color variations that capture the defining traits of the natural material. The Blue Select color stands out with its uniform and intense gray-blue shade, while the Full Color shade combines polychromies and dynamic designs with captivating combinations. The Cobblestone variant introduces two geometrical patterns: Cube and Multisize, replicating the appearance of natural stone flooring for outdoor spaces.

Total Look Project

Drawing inspiration from American architectural tradition, Bluestone provides contemporary solutions for total look applications. Bluestone offers endless possibilities to every project, embracing 4 product categories: Porcelain Tiles, Porcelain Mosaics, Porcelain Veneers, and Porcelain Pavers.

9mm Porcelain Tiles and 20mm Frontier20 Porcelain Pavers enable seamless in-and-out transitions without any stylistic or chromatic discontinuities, to enhance any indoor environment and outdoor landscape, replicating the timeless aesthetics of the natural stone.

The decorative Porcelain Veneer range is available in two versions: Pro Ledgestone, which conveys a modern chromatic richness to indoor and outdoor walls, and Quarry Ledgestone for those who prefer a more rugged and authentic look. Porcelain Mosaics complete the collection offering different shapes and colors carefully researched to offer architects, designers, and landscapers a wide range of decorative solutions for both indoor and outdoor spaces.

RECOMMENDED USE

Bluestone Design Project matt finish is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential applications. The use of Bluestone Design Project matt finish is not recommended for outdoor floors (for that application use Grip finish or Frontier20). Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20" inches or longer. Landmark recommends the use of leveler for a proper installation.

CARE AND MAINTENANCE

Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit lcusa.com. For further information regarding the care and maintenance of Landmark products.

WARRANTY

Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1- 2012 and in the performance specifications section of the Landmark general catalog. For more information, please visit our website at lcusa.com.
